

BEFORE
THE PUBLIC SERVICE COMMISSION OF
SOUTH CAROLINA
DOCKET NO. 97-110-C - ORDER NO. 2003-80

FEBRUARY 14, 2003

IN RE: Application of America's Tele-Network, Corp.) ORDER CANCELLING
for a Certificate of Public Convenience and) CERTIFICATE
Necessity to Operate as a Reseller of)
Interexchange Telecommunications Services)
within the State of South Carolina.)

This matter comes before the Public Service Commission of South Carolina ("Commission") on the request of America's Tele-Network, Corp. ("ATN" or the "Company") to cancel its Certificate of Public Convenience and Necessity to operate as a reseller of interexchange telecommunications in the State of South Carolina.

By letter dated January 23, 2003, ATN, through its prior regulatory counsel, advised the Commission that the Company was requesting cancellation of its Certificate to provide resold intrastate interexchange telecommunications services within the State of South Carolina. ATN's authority to provide resold intrastate long distance telecommunications services was granted by Order No. 97-774 issued September 9, 1997.

According to the request, ATN ceased operations at some point in the first quarter of 2001. ATN's counsel states that the Company no longer exists, has had no operations for nearly two years and has paid all creditors possible with its resources available at the time of the Company's termination of operations. ATN's resources were totally consumed, according to ATN's counsel, by the end of the first quarter of 2001. ATN's counsel states further that ATN closed its offices and terminated its employees upon the

Company ceasing its operations. However, prior to closing its offices and terminating its employees, counsel for ATN asserts that all ATN's customers were timely notified of the necessity to select another long distance service provider.

Given the above stated circumstances, counsel for ATN states that it is not possible for the Company to respond to any regulatory agencies' required forms, filings and/or reports regarding the Company's interexchange telecommunications operations. Lastly, ATN's counsel maintains that the Company has no revenues and no property in any state; therefore, ATN is not subject to any surcharges, fees, assessments or taxes from any jurisdiction.

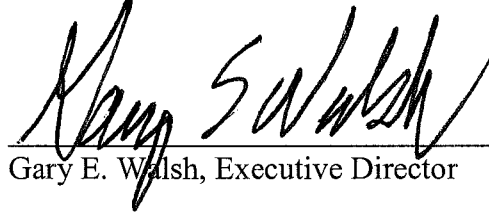

As ATN is no longer be providing the services for which its Certificate of Public Convenience and Necessity was granted, the Commission finds and concludes that ATN's Certificate of Public Convenience and Necessity to provide resold interexchange telecommunications services within the State of South Carolina should be cancelled.

IT IS THEREFORE ORDERED THAT:

1. The Certificate of Public Convenience and Necessity to operate as a reseller of interexchange telecommunications services within the State of South Carolina authorized by Order No. 97-774, dated September 9, 1997, issued in the instant docket to America's Tele-Network, Corp. is hereby cancelled.

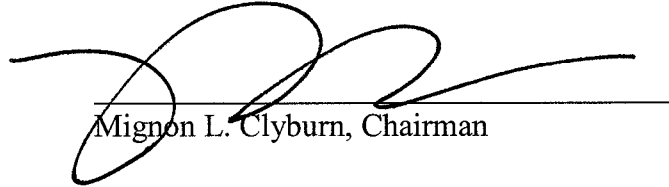

2. This Order shall remain in full force and effect until further Order of the Commission.

ATTEST:

Gary E. Walsh, Executive Director

(SEAL)

Mignon L. Clyburn, Chairman
